### **Waste Electrical and Electric Equipment Regulations 2006 (The WEEE Regulations)**

Andrews Sykes is registered for the above regulations as a producer and distributor of business to business (B2B) electrical and electronic equipment (EEE). As a responsible company Andrews Sykes is committed to providing high quality products and services to our customers and reducing our environmental impact by recycling our products in an environmentally sound manner when they become waste electrical and electronic equipment (WEEE).

Andrews Sykes will provide the following **Free of Charge** services to our customers:

- Provide 'take back' on a like for like basis across our product range from the 1<sup>st</sup> of July 2007.
- If the customer considers the item is uneconomical to repair and is waste then Andrews Sykes will recycle the waste product in line with the WEEE regulations for items placed on the UK market on or after the 13<sup>th</sup> August 2005.
- For products placed on the market before the 13<sup>th</sup> August 2005 Andrews Sykes will provide the above service free of charge for any like for like product irrespective of the manufacturer of the product when the customer is purchasing a replacement product from Andrews Sykes.
- WEEE should be returned to an Andrews Sykes outlet when purchasing a replacement item of EEE. If the replacement item is heavy, bulky and requires delivery please ensure that your WEEE is ready for a free collection when we deliver your new EEE. If the WEEE is not ready for collection and an additional collection is required these will be charged for at an agreed rate.

For further information please refer to the WEEE leaflet available on this website.
