

**Air flow (max)**  
**Weight (without filters)**  
**Weight (with filters)**  
**Dimensions (L x W x H)**  
**Filters**

### Filter Configurations

**Filter Size**  
**Duct size**

3000 m<sup>3</sup>/h  
 19 kg  
 23 kg  
 650 x 780 x 620 mm  
 ATEX G4, Particulate Filter,  
 Activated Carbon Filter,  
 H14 HEPA filter  
 Welding: ATEX G4 Pre Filter and  
 an Activated Carbon Filter  
 Dust: ATEX G4 Pre Filter and  
 Particulate Filter  
 HEPA: ATEX G4 Pre Filter and H14  
 HEPA Filter  
 592 x 592 mm  
 300 mm

### Suitable applications include:

|                        |               |
|------------------------|---------------|
| Hospitals & Healthcare | Construction  |
| Water Treatment        | Tunnelling    |
| ATEX Atmospheres       | Welding       |
| Stone Works            | Civil Works   |
| Quarrying Works        | Cutting Works |

- 🌀 Hepa filtration
- 👉 Plug and play
- 🌀 2 stage filtration
